

Have a Heart: Corporate Charity Team Building Event

Corporate Charity Teambuilding Events are a great way to build teams and reinforce the importance of giving back to the community. These donations can be arranged with local or national organizations. The following are only three of many charity event ideas that your organization can participate in.

Event Ideas

Build-A-Bike/Build-A-Wagon/Team Care

Teams compete to assemble bicycles or wagons to deliver to needy children. The event is timed, and the excitement grows as the teams hurry to complete their quota. Each participant designs and creates a personalized motivational card for the recipient of the toys. **The event then ends with a presentation from the Charity Organization and a presentation of the toys.**

Working in small teams, participants first design a care package assembly process and then implement the process to create as many care packages as possible within the time limit. High-performance teamwork is essential for success in this activity. These care packages are composed of personal hygiene items, small toys, or items needed by the specific Charity Organization.

Pricing

Pricing will be based on a per head basis with an additional fee for supplies. Pricing for supplies has many variables including the specific item, quantity, quality, shipping, and tools and resources required.
